SKILLS

EDUCATION

BRIGHAM YOUNG UNIVERSITY-IDAHO
Bachelor in Computer Information Technology

- **GPA:** 3.4/4.0
- **Relevant Coursework:** Full Web Stack Development, Mobile Application, Networking, Operation Systems (Windows/Linux, Database programing and administration.

PROJECTS

Full Web Stack Application   **40 hours**
Brigham Young University-Idaho   *Rexburg, ID*

- Built a web application in AngularJS framework on the front-end a NodeJS server on the back end connected to a MongoDB. This allowed the user to insert, update and return data.
- Effectively applied CSS, Bootstrap to create an attractive and easy-to-use design.

Full Responsive Website   **45 hours**
Brigham Young University-Idaho   *Rexburg, ID*

- Built a fully responsive website upon the principles of web performance, maintainable and scalable code
- Effectively utilized HTML, CSS (SCSS), and JavaScript to create a fully responsive design
- Demonstrated strong group collaboration and communication skills by using GitHub version control

EXPERIENCE

Front-end Web Developer Intern   **Oct 2018 – Dec 2018**
Skidmore Inc.   *Idaho Falls, ID*

- Redesigned and developed business existing website
- Fully customized a WordPress theme and installed plugins
- Worked with debugging web tools such as Firebug and Chrome Developer Console
- Assisted team with testing code in multiple web browsers
